

Sleep Like the Stars

The only five-star private estate in Punta Mita and a favorite among vacationing celebrities, Casa Aramara was recently renovated in 2015 and is one of the most exclusive villas available for rent.

Located on a private swimmable beach, Casa Aramara was designed by the world-famous Martyn Lawrence Bullard. Perhaps the most notable feature of this villa is its roster of previous visitors that have included stars like Selena Gomez, Eva Longoria, Ashton Kutcher, Kanye West, Courteney Cox, Mario Lopez, Russell Wilson, Vince Vaughn, Tiesto and many more. Casa Aramara is also the famous, favored getaway of the Kardashian clan.

The sprawling villa is replete with luxury and comes complete with two five-star chefs and more than 30 highly trained full-time staff members ready to fulfill any request. In fact, the home features an ANYTHING button in every room on the property so you can have anything you can think of, anytime you want it, anywhere you want.

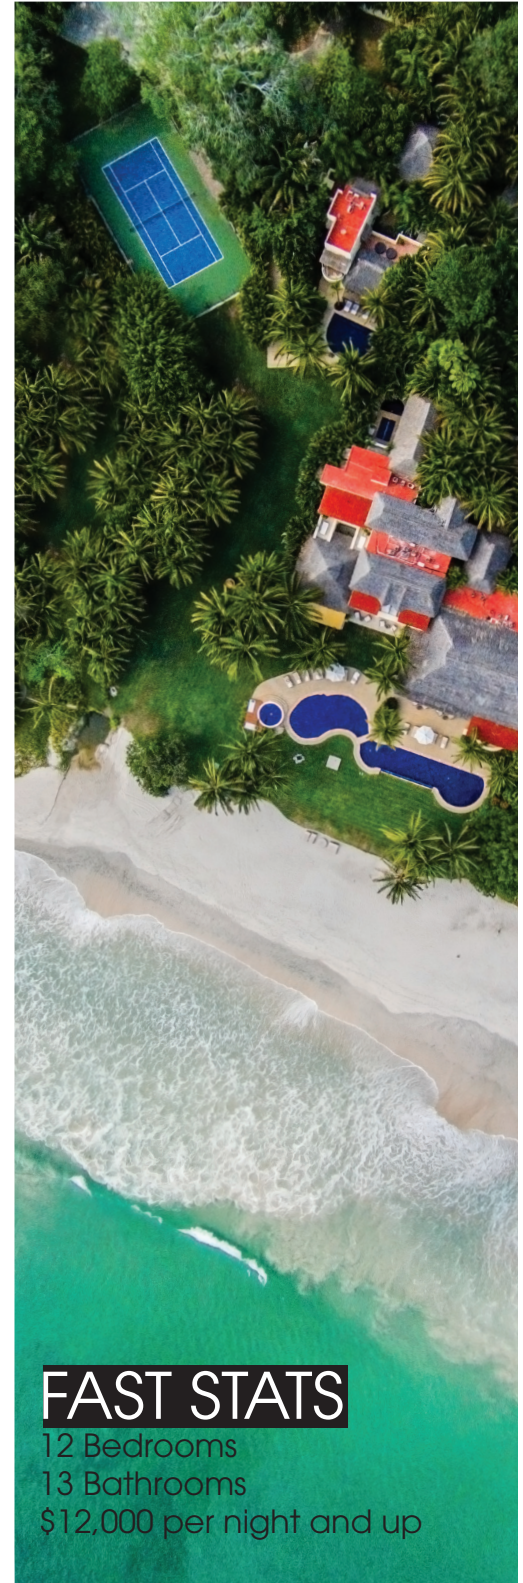

Amenities include two heated pools, a Jacuzzi, a state-of-the-art fitness center, a personal trainer, a U.S. Open Championship tennis court and preferred tee-times at the Punta Mita Golf Club. To relax, guests can take advantage of spa treatments and yoga classes or kick back in the 20-person media room or in the game room complete with air hockey and billiard tables. A firework show and poolside DJs are available to amp up the night while a state-of-the-art iPad-controlled sound and lighting system runs the entire property for easy living.
